BRAUTIFUL IMPROVEMENT .- Mr. E. Wheeler. merchant, has just had erected a fine dwelling on Missouri avenue, between 3d and 42 streets. It is three stories high, and combines all the ing is suspended. modern improvements for heating, cooking, and the carrying off of wastes, for which water-pipes have been admirably arranged. A fine ornamental garden has been measured and laid off by Mr. H. C. Cassidy, an accomplished gardener, and, indeed, everything done to make the house elegant, as well as comfortable. Mr. Thomas Entwisle was the contractor; Mr. Thomas Langley, the brick layer; Messrs. Brown & Soussey, plasterers, and Mesers. Parker & Spalding, painters. The name of the plumber we did not learn.

ESCORT FOR THE HIGHLANDERS .- The new and elegantly uniformed military company of the Highlanders, commanded by Capt. John Reese, is to have for their escort, on their first parade, the new American Rifles, Capt. J. L. Smith, and altogether they will make a rich military appearance. Prosperi's full cornet brass band has been secured for the occasion. The Riflemen with their complete American costume, and the Highlanders in full Scottish dress, will make beautiful features of the Washington regiment on their next grand

New Locomotive.-A new and first class engine has just been finished at the Baltimere and Ohio Railroad Company's works, Mount Clare, and is now making her first efforts ou the Washington train She runs finely, and is expected to be the crack "iron-horse" of the flavored, to call on Peter Berry, Water street. road. This engine is the 248th of the number, if we remember right, now built by the company, showing very significantly the capacity of this great work for transportation purposes.

TREE PLANTING TO THE NAVY YARD .- On Monday next, the workmen who have been transplanting trees from Rock Creek to the Capitol, will commence the continuation of their work down Garrison street (the main avenue) to the Navy Yard. Trees will ornament both sides of the street, and, in time, make a fine shade for pedestrians. The public squares have all been arranged, we understand, and when all is done, this will be the "City of Trees," undoubtedly-John Randolph's name of the "City of Magnificent Distances" to the contrary, notwithstanding.

LAST NIGHT OF THE JULIENS .- This even. ing, the Julien buriesque opera troupe close their brief, but brilliant season, and will leave for Philadelphia to open a permanent establishment there. Each night of their performance, they have gained in the favor of their audiences, and this evening they offer a change of performance more interesting than any of their previous ones. To see them is to be pleased, so to those who wish to pass a few pleasant moments, in a musical way, we say go, and then have it to say that you have seen of our time. and heard the Juliens.

NATIONAL GREYS' BALL .- On Monday evening, this grand subscription ball takes place, for which Capt. Lem. Towers and the other efficient members of the Executive Committee are busily preparing, and it is expected will have a terpsichorean, military, and social entertainment that will cap the climax. Carusi's fine saloon has been selected for the jete, excellent music provided, and all things done. or being done, to give eclat to the occasion. The gallant Greys say they will not be outdone, and what they say they can perform.

THE PARROW TROUPE.-After performing in Georgetown this evening, the Parrow troupe return to Washington, and open at Odd Fellows' Hall on Monday night. They have shown their quality heretefore in this city. and their merits have been acknowledged. Hernandez, Kendall, Moore, and Dun Bowers. are names well known to fame-the latter being regarded as one of the best ballad singer in the country, and with the combined talent of the other members, make the troupe equal to any of those popular minstrel bands. Prepare for something rich next week.

FIRE AT THE POTOMAC HOTEL .- Yesterday morning, at an early hour, the Potomac House, on Pennsylvania avenue, near 42 street, came near being destroyed by fire. A large hole was burnt in the floor of one of the chambers; but the timely application of water arrested the threatened dauger.

THE BALL SEASON. - The ball season is now fully under way, as may be seen by the various advertisements with which the Star is favored, and to which we refer the reader. In addition to these, we learn the Montgomery Guards have fixed their wall for the 8th of January, and the Scott Guards for the 14th of December.

CALAMITY TO AN ARTIST .- We unite with the Union, in which all admirers of the fine arts will join, in regretting to hear that the establishment of Mr. Clark Mills, the distinguished artist, has been visited with a calamity by which he suffers severe pecuniary loss, and which will delay the completion of the great works which he had commenced—the equestrian statues of Washington and Jackson. Yesterday afternoon, whilst his furnace plained cause, took fire, and, notwithstanding great efforts were made to save the model of the statue of Gen. Jackson and the building, they were, in an incredibly short time, destroyed by the flames. Several castings of the statue had been taken and placed outside of the foundery, and were saved. The loss sustained by this fire is estimated at six to ten thousand dollars, and the destruction of the model for the statue is particularly to be regretted, as it cannot be reproduced but with great labor and heavy expense. There was no insurance on the property.

We give place to this intelligence with sin-

cere regret; but, knowing the indomitable energy of Mr. Mills as we do, we do not entertain a doubt that he will arise like the fabled bird of antiquity, and pursue his business with renewed energy and success. He has been tried in the furnace of affliction, but ultimately he will come out unscathed

Mr. Mills assures us that he will immediately resume his labors. He will go on with the great works he has to execute with renewed energy.

Gambling.—Yesterday, Officers Allen, Han dy and Martin made a descent upon a party of colored individuals who were busily engaged in gambling in a room back of a colored barber's shop on the avenue, opposite the National Hotel. They were taken before Justice Grubb, who heard the evidence and ordered Lewis Butler, Wm. McCoy, Thos. Minor, Sidney Easton, and Henry Johnson, each, to pay \$5 fine and \$1 50 cents. We are told that these are church members. If so, the fine was very moderate. Church members should never turn jack from the bottom."

THE FOOTWAYS - Our citizens generally are always willing to stand a Attle inconveni ence for the public good; but when that inconvenience can be remedied, and the public good advanced, they would rather have it done. We would call the attention of the authorities to the footways where new sewers are being constructed—especially on 13th and D streets, where four persons fell in he mud during last evening.

PROFANITY. - Yesterday, D. Stewart and Ellen Haslep we made to pay \$2.17 each, by Justice Morsell, for using profane and inde cent language in the streets. Swearing is a bad practice, and should not be indulged in, especially by women.

THE WERNER CASE. - The appeal case of Charles Werner, charged with selling liquor contrary to law, expected to be tried before the Circuit Court to day, was not taken up. It is expected to be heard and the question decided next week.

MARKET.—The market this morning was well supplied, notwithstanding the very heavy showers last night and this morning. Customers were very numerous, and pr the same as during the week.

WATCH RETURNS .- Samuel Stark, of Ohio, drunk and disorderly; dismissed. Several lodgers, but all dismissed. Stark is the only person confined for violating the law during the five days just past.

GEORGETOWN CORRESPONDENCE

GRORGETOWN, Nov. 11, 1854. Quite a heavy rain commenced falling last evening, and has continued without intermission up to the present time. In consequence of it all kinds of out-door business this morn-

There has been for some time a considerable stringency in the money market. Although our banks continue to afford every facility, our merchats feel it pretty severely. We have heard intimations from some of leading business men, that our city afferds inducements for the establishment of another bank, with a capital of \$200,000, or better, \$300,000. It may seem strange, but it is nevertheless a fact, that the amount of banking capital exceeded the present amount some \$500,000, twenty-seven years ago.

As an evidence of the high price of slaves, will mention that at the sale, yesterday, of Barnard & Buckey of the personal effects of the late Michael Miller, two small boys, the seven and the other six years old, sold one for \$405 and the other \$305.

The quarterly meeting at the Methodist church commences to-morrow. Rev. Norval Wilson will preach at eleven o'clock in the morning. We have been requested by the pastor, Rev. B. F Brooke, to say that the levefeast, which was to be held to morrow morning, has been postponed until Monday evening, at seven o'clock. We would advise all those who are in want

The remainder was driven on to Baltimore. Sheep \$2 a \$4 per head. Hogs. \$4 a \$5 75. On the flour and grain market the last for-

PALPITATION OF THE HEART, Nervous diseases, Liver Compiaint, Neuralgia, Dyspepsia, Costiveness and Piles, are all relieved and cured in an incredible short space of time, by Carter's Spanish Mixture, the great tonic and purifier of the blood. It contains not a particle of Mercury, Opium, or any noxious drug; is perfectly harmless, and has cured more than five hundred cases of disease.

We can only refer the reader to the certificates, a few of which may be found in another column, and all of which are detailed in full around the bottle. It is the greatest of all Spring and Fall Medicines, and possesses an influence over the blood touly remarkable.

SPLENDID PICTURES.—Those of our readers who desire to pass through a splendid Gallery of Pictures, should not fail to pay a visit to Plumb's Rooms on the Avenue. He has on exhibition there some choice specimens of the new art of Daguerreotyping in Oil, which for beauty and excellence are Daguerreotyping in Oil, which for beauty and excellence are incomparable. There is a portrait executed, in this last style, of President-Pierce, that reflects great credit on the artist, every lineament thereof giving a life like expression. Mr. Plumbe is reckoned among the first Daguerrean artists of our time.

Remember certificates of cures performed in this city, where the medicine is prepared, are alone published. Numerous persons take it every spring and fall, and all who have adopted so wise a course require no other medicines, and the testimony of all after using a few bottles is, I have derived more benefit from its use than from all the medicines I ever drugged my system with. If there are medicines I ever drugged my system with. If there are worms in the body it will kill and expel them. It will remove and cure the worst carbuncle, and if drank freely during inflammations, mortification can never ensue.

BURROW'S ELIXIR VITAL

Extracts from an editorial notice in the Portsmouth, Va.,
Globe, July 13, 1854.

The Editor says: In this community this medicine scarce ly requires a notice, it has been so often tested and its vir tues so well known from the numerous cases of its successful use, that it is sold now just as readily without prescrip-tion or recommendation for the diseases for which it is re-commended, as quinine is for chills. In the local column of the Norfolk Daily Courier, the Editor in speaking of this preparation says: It is certainly a great medicine, and within our own knowledge has restored those who were considered beyond all human aid. Time would fail to enumerate those cured of the various Chronic Diseases, Nervous Disorders, Ulcers, Putrid Throat, Fevers, Sypnilis, Dyspepsia, Incapacitated Youths, Ague and Fever, ac., ad infinitum. oct 27-2w

It will be remem-bered that Mr. W. received from the World's Fair, London, two medals for his unrivalled dagnerrectypes of President Filmore and Cabinet, and Pantiscopes of Niagara Fails, be-sides premiums at all the fairs at which he has exhibited for many years past.
